- Low Impact Development Design
- Design of water storage system for splash pad water recirculation
- Sanitary forcemain servicing specifications

Engage worked with Hoover McElroy Associates to develop the preliminary plan and detailed design of Logie Park in the City of Kawartha Lakes. The park includes amenities such as an inclusive play area that features a zip line, a splash pad, ice rink, washrooms, parking, an active sports trail that connects to the Kawartha Trans Canada Trail, and a waterfront paddle sport dock.
